Independent Auditor's Report

To the Board of Directors
Suemandy Drive One Community Improvement District
St. Peters, Missouri

We have audited the accompanying cash basis financial statements of the governmental activities and each major fund of Suemandy Drive One Community Improvement District as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Suemandy Drive One Community Improvement District as of September 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with the cash basis of accounting as described in Note 1.

Independent Auditor's Report (Concluded)

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Disclaimer of Opinion on Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Suemandy Drive One Community Improvement District's basic financial statements. The management's discussion and analysis and budgetary comparison information on pages 3-6 and 17-25, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2019, on our consideration of the Suemandy Drive One Community Improvement District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Suemandy Drive One Community Improvement District's internal control over financial reporting and compliance.

The financial statements are presented on a basis of cash receipts and cash disbursements, a basis of accounting other than Generally Accepted Accounting Principles (GAAP). These statements include all assets and liabilities arising from cash transactions; a basis of accounting takes into consideration all of the current year's revenues collected and expenditures paid, but does not include capital assets, amounts due in the future from others, or liabilities payable from future revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis serves as an introduction to Suemandy Drive One Community Improvement District's basic financial statements. The District's financial statements are comprised of two components, combined government-wide and fund financial statements and notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Combined Government-wide and Fund Financial Statements

Government-wide and Fund financial statements are combined as allowed by the Governmental Accounting Standards Board for special purpose governments. As such, these combined statements show each major fund as well as the primary government as a whole.

Governmental fund - All of the District's basic services are reported in governmental funds, which focus on how money flows into and out of the funds and the balance left at year-end that is available for spending. The funds are reported using the cash basis of accounting. This measurement focus reports on revenues received and expenditures paid during the period. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The Suemandy Drive One Community Improvement District internally maintains five individual governmental funds. Information is presented in the Statement of Net Position - Cash Basis, for the General Fund, the Debt Service Fund, and the Project Fund, which are considered major funds. The General Fund consists of: the Special Trust Fund, the Revenue Fund and the Operating Fund. The Debt Service Fund consists of: the Debt Service Fund and the Redemption Fund. 1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reporting Entity (Concluded)

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District has no component units.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

A) BASIS OF PRESENTATION

Special-purpose governments engaged in a single governmental program and having no component units may present financial statements as combining fund financial statements with government-wide statements. This is illustrated on the Statement of Net Position and Governmental Funds Balance Sheet - Cash Basis and Statement of Activities and Governmental Fund Revenues, Expenditures and Changes in Fund Balances - Cash Basis.

In the fund financial statements, financial transactions and accounts of the District are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The fund statements are also presented on a cash basis of accounting.

The following is a brief description of the specific funds used by the District.

Governmental Funds

General Fund – The District internally maintains three separate funds that make up the General Fund, as follows:

Special Trust Fund -- The Special Trust Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Revenues are derived primarily from sales taxes.

Revenue Fund -- On or before the twentieth (20th) calendar day of each month (or next Business Day thereafter if the twentieth (20th) is not a Business Day), while the Notes are Outstanding, the District shall cause to be transferred all Net Proceeds from the Special Trust Fund to the Trustee for deposit into the Revenue Fund. If the District has no Net Proceeds to transfer to the Trustee pursuant to this section, the District shall so notify the Trustee in writing.

On the date that is thirty-five (35) days prior to each Payment Date (or if such date is not a Business Day, the immediately preceding Business Day) the Trustee shall apply moneys in the Revenue Fund for the purposes and in the amounts as follows:

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A) BASIS OF PRESENTATION (CONTINUED)

First, to the Trustee or any Paying Agent, an amount sufficient for payment of fees and expense which are due and owing to the Trustee of any Paying Agent, upon delivery to the District of an invoice for such amounts;

Second, to the Operating Fund, one-half of the Annual Operating Fund Deposit;

Third, to the Costs of Issuance Account of the Project Fund, the Schedules Bond Counsel Fee;

Fourth, to the Debt Service Account of the Debt Service Fund, when necessary, an amount sufficient to pay past-due interest, if any, owing on the Notes;

Sixth, transfer to the Redemption Account of the Debt Service Fund all moneys then remaining in the Revenue Fund, which shall be applied to the payment of principal on the Notes that are subject to redemption pursuant to Section 302(b).

Operating Fund -- Moneys in the Operating Fund shall be disbursed by the Trustee without inquiry or investigation from time to time upon receipt of a written request of the Authorized District Representative to pay Reimbursable Administrative Costs, the principal of or interest on the Notes, or any other lawful purpose of the District. Any Reimbursable Administrative Costs in excess of the Annual Operating Fund Deposit shall be carried forward for payment from the next deposit of the Annual Operating Fund Deposit.

Debt Service Fund – All amounts paid and credited to the Debt Service Fund shall be expended solely for (1) the payment of the principal of and interest on the Notes as the same matures and becomes due or upon the redemption thereof, or (2) to purchase the Notes for cancellation prior to maturity.

The District hereby authorizes and directs the Trustee to withdraw (to the extent available) sufficient moneys from the Debt Service Fund to pay the principal of and interest on the Notes as the same become due and payable and to make said moneys so withdrawn available to the Paying Agent for the purpose of paying said principal of and interest on the Notes.

The Trustee shall use any moneys remaining in the Debt Service Fund to redeem all or part of the Outstanding Notes and interest to accrue thereon prior to such redemption, in accordance with and to the extent permitted in the Trust Indenture, so long as said moneys are in excess of the amount required for payment of Notes theretofore matured or called for redemption.

If the moneys in the Debt Service Fund are insufficient to pay all accrued interest on the Notes on any Payment Date, then such moneys shall be applied ratably, according to the amounts due on such installment, to the Persons entitled thereto without any discrimination or privilege, and any unpaid portion shall accrue to the next Payment Date, with interest thereon at the rate or rates specified in the Notes to the extent permitted by law. thereof, then such moneys shall be applied ratably, according to the amounts of principal due on such date, to the Persons entitled thereto without any discrimination or privilege.

After payment in full of the principal of and interest on the Notes (or provision has been made for the payment thereof as specified in the Trust Indenture) and the fees, charges and expenses of the Trustee and any Paying Agent and any other amounts required to be paid under the Trust Indenture, all amounts remaining in the Debt Service Fund shall be paid to the District for deposit into the Special Trust Fund.

Project Fund -- Upon approval by the District of a Certificate of Reimbursable Project Costs and the issuance or endorsement of Notes pursuant to Section 203(c), funds shall be deemed to have been advanced by the Developer, as appropriate, to purchase such Notes and the District shall be deemed to have deposited such funds in the Project Account of the Project Fund and shall be deemed to have reimbursed the Developer, as appropriate, in full for such costs from the amounts deemed to be on deposit in the Project Account of the Project Fund.

Moneys in the Cost of Issuance Account of the Project Fund shall be disbursed, from time to time by the Trustee, as set forth in Section 402(b) and on Schedule I, to be paid upon receipt by the Trustee of invoices therefore, but without the necessity of receipt by the Trustee of a written requisition therefore. Any moneys remaining in the Cost of Issuance Account of the Project Fund after October 1, 2011, without further authorization, into the Redemption Account of the Debt Service Fund and used to redeem Notes on the earliest possible date.

B) BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. Government-wide financial statements and Fund Financial Statements are prepared using the cash basis of accounting, a special purpose framework. Under the cash basis, revenues are recognized when received rather than when earned and expenditures are recognized when cash is disbursed rather than when the obligation is incurred.

C) BUDGETS AND BUDGETARY ACCOUNTING

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) In accordance with Section 67 of the Missouri Revised Statutes, the budget officer, as designated by the District, prepares and adopts an annual budget which represents the complete financial plan for the ensuing budget year. The budget includes at least the following information:
 - a) A budget message describing the important features of the budget and major changes from the preceding year;
 - b) Estimated revenues to be collected from all sources for the budget year, with a comparative statement of actual or estimated revenues for the two years next preceding, itemized by year, fund, activity and object;
 - c) The amount required for the payment of interest, amortization, and redemption charges on the debt of the District;

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C) BUDGETS AND BUDGETARY ACCOUNTING (CONCLUDED)

- d) A general budget summary.
 - i. In no event shall the total proposed expenditures from any fund exceed the estimated revenues to be received plus any unencumbered balance or less any deficit estimated for the beginning of the budget year.
 - ii. The District may revise, alter, increase or decrease the items in the proposed budget, subject to such limitations as may be provided by law provided, that in no event, shall the total authorized expenditures from any fund exceed the estimated revenues to be received plus any unencumbered balance or less any deficit estimated for the beginning of the budget year.
- 2) The District shall, before the beginning of the fiscal year, approve the budget and approve or adopt such orders, motions, resolutions or ordinances as may be required to authorize the budgeted expenditures and produce the revenues in the budget.
- 3) After the District has approved the budget and approved or adopted the orders, motions, resolutions or ordinances required to authorize the expenditures proposed in the budget, the District shall not increase the total amount authorized for expenditure from any fund, unless the District Board adopts a resolution setting forth the facts and reasons making the increase necessary and approves or adopts an order, motion resolution or ordinance to authorize the expenditures.

The 2019 budget was approved at the 2018 regularly scheduled Board of Directors' meeting.

D) CAPITAL ASSETS AND LONG-TERM LIABILITIES

In accordance with the cash basis of accounting, the government-wide and fund financial statements report capital asset additions as expenditures when cash is expended and debt proceeds are shown as other financing sources when cash is received. Debt principal payments are shown as expenditures when payments are made. Capital assets and long term liabilities are not maintained on these financial statements but long term debt is disclosed later in these notes to the financial statements.

E) FUND BALANCES AND NET POSITION

Net Position represents the difference between assets and liabilities. Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by laws or regulations of the government. All other net position that does not meet the definition of "restricted" are reported as unrestricted net position. It is the District's policy to expend restricted resources first if the restrictions are met.

Fund balances are classified as follows:

Nonspendable- This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District did not have any nonspendable fund balance as of September 30, 2019.

Restricted- This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or law or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling

legislation. The District had an ending balance of \$50,196 for restricted fund balances that consisted of the Debt Service Fund.

Committed- This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District had no committed resources as of September 30, 2019.

Assigned- This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the District Board through budgetary process. The District had no assigned resources as of September 30, 2019.

Unassigned- All amounts not included in other spendable classifications.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

2) CASH AND CASH EQUIVALENTS

The District complies with various restrictions on deposits and investments, which are imposed by the state statutes as follows:

Deposits - All deposits with financial institutions must be collateralized in an amount at least equal to uninsured deposits.

Investments - The District may invest in bonds of the State of Missouri or any wholly owned corporation of the United States; or in other short-term obligations of the United States.

Cash of the District at September 30, 2019 is as follows:

Deposits

At September 30, 2019, the carrying amount of the District's deposits was \$87,617 and the bank balance was \$87,617. The bank balance in the Special Trust Fund was \$306 at year end; any balance maintained in this account would be covered by federal depository insurance up to \$250,000. All cash balances with the Trustee were invested in UMB Federated Government Obligation Money Market accounts. Due to the short-term nature of investments, cash balances are classified as cash equivalents in the District's basic financial statements. The UMB Federated Government Obligation Money Market Fund is not insured by federal depository insurance coverage. The Fund, however, invests only in direct obligations of the United States and repurchase agreements for direct obligations of the United States.

Investments

There were no investments at year ending September 30, 2019.

3) COMMITMENTS

On November 20, 2008, the District entered into a First Amended Development Agreement with The Grewe Limited Partnership (the "Developer"). Pursuant to this Agreement, the Developer affirmed its agreement to construct and implement the Project, the District agreed to provide revenues to repay any obligations issued in relation to the Project.

Pursuant to the Development Agreement, the Developer has submitted a Certificate of Reimbursable Project Costs accompanied by itemized invoices, receipts and other information to allow the District to confirm that the amounts advanced by the Developer constitute Reimbursable Projects Costs.

Pursuant to the Development Agreement, upon approval of a Certificate of Reimbursable Project Costs, the District shall issue CID Obligations to the Developer as reimbursement for such Reimbursable Project Costs incurred by the Developer.

4) LITIGATION

These exceptions include sales of motor vehicles, trailers, boats or outboard motors and sales to public utilities.

6) LONG-TERM DEBT

On March 26, 2010, the District issued its Taxable Community Improvement Revenue Notes, Series 2010 in the amount not to exceed \$2,506,123, plus issuance costs, accrued interest and reimbursable administrative costs, for the purpose of paying the costs of issuance of the above-referenced obligations.

The District promises to pay to the registered owner the Outstanding Principal Amount from time to time on the Maturity Date of April 1, 2030 unless called for redemption prior to the Maturity Date. Interest shall be payable on each April 1 and October 1 commencing on rate per annum of 8%. The Note is not a general obligation of the District, the City, St. Charles County, the State of Missouri, or any political subdivision thereof, nor of any officer or employee thereof. This Note is issued in connection with a community improvement project, as further described in the Development Agreement.

The Notes are subject to optional redemption by the District in whole at any time or in part on any Payment Date at a redemption price of 100% of the principal amount of the Notes to be redeemed, plus accrued interest thereon to the date fixed for redemption.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Board of Directors
Suemandy Drive One Community Improvement District
St. Peters, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Suemandy Drive One Community Improvement District, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise Suemandy Drive One Community Improvement District's basic financial statements, and have issued our report thereon dated December 18, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Suemandy Drive One Community Improvement District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Suemandy Drive One Community Improvement District's internal control. Accordingly, we do not express an opinion on the effectiveness of Suemandy Drive One Community Improvement District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies (Finding 2019-01).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Suemandy Drive One Community Improvement District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items (Finding 2019-01).

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards* (Concluded)**

Suemandy Drive One Community Improvement District's Responses to Findings

Suemandy Drive One Community Improvement District's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Suemandy Drive One Community Improvement District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings and Responses
For the Year Ended September 30, 2019

Finding 2019-01 No Meeting Held During Fiscal Year:

Condition:

The District did not hold any meetings during the fiscal year.

Reason Improvement Needed:

Pursuant to Missouri Statutes an annual meeting is required.

Recommendation:

This finding appears to be an inadvertent oversight for the District; and, therefore does not appear to be a systematic problem, but just an isolated instance of noncompliance. Our recommendation is to hold a meeting as soon as possible.

Response:

The District held a meeting on October 9, 2019.
