INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Dardenne Town Square Transportation Development District
Dardenne Prairie, Missouri

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Dardenne Town Square Transportation Development District, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Dardenne Town Square Transportation Development District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities and each major fund of the Dardenne Town Square Transportation Development District, as of December 31, 2024, and the respective changes in cash basis financial position for the year then ended in accordance with the cash basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Dardenne Town Square Transportation Development District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1, and for determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dardenne Town Square Transportation Development District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dardenne Town Square Transportation Development District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the budgetary comparison schedule but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Dardenne Town Square Transportation Development District

Notes to Financial Statements For the Year Ended December 31, 2024

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The District was organized and established by a Judgment and Order organizing a Transportation Development District entered on August 18, 2005, by the Circuit Court of the County of St. Charles, Missouri for the sole purpose of funding certain transportation improvements (the "Transportation Project").

On August 25, 2005, pursuant to Section 238.235 of the TDD Act, the District adopted resolution No. 05-004 authorizing the District to impose a transportation development district sales tax (the "TDD Sales Tax") at a rate of one-half of one percent (1/2%), which became effective on October 1, 2005, following adoption of the TDD Sales Tax by the qualified voters of the District at an election held in accordance with Section 238.216 of the TDD Act, on all retail sales made in the District which are subject to the taxation pursuant to the provision of Sections 144.010 to 144.525, RSMo, with certain exceptions listed in the TDD Act. These exceptions include sale or use of motor vehicles, trailers, boats or outboard motors, sale of electricity or electrical current, water and gas, natural or artificial, and sales of service to telephone subscribers, whether local or long distance.

On November 1, 2006, the District entered into an Intergovernmental Cooperation Agreement (the "Cooperation Agreement") with the City of Dardenne Prairie, Missouri. According to the agreement, the City has authorized certain City Sales Tax Revenues and additional sources of revenue secured by the City in accordance with the Agreement to be deposited into a Municipal Trust Fund, which moneys on deposit in the Municipal Trust Fund and Supplemental Municipal Trust Fund shall be transferred to the Trustee and used to repay a portion of the TDD Obligations in accordance with the terms of the Agreement. Also, the City and the District agreed to cooperate in causing the District to collect the TDD Sales Tax and to cause TDD Revenues to be transferred to the Trustee to be used to pay TDD administrative costs and debt service on the TDD Obligations issued to finance the Transportation Project, and to cause the District to dedicate such Transportation Project to the Missouri and Transportation Commission or the applicable local transportation authority.

A description of the Transportation Project is as follows:

- (1) construction of a new La-Le Drive in accordance with the plans as listed on Sheet C1.1 prepared by the Consulting Engineer dated January 3, 2006, and reconstruction of existing La-Le access drive in accordance with the plans as listed on Sheet C1.1 prepared by the Consulting Engineer dated August 4, 2006;
- (2) reconstruction and widening of Henke Road in accordance with the plans Sheet C1.1 prepared by the Consulting Engineer dated March 29, 2006 and Traffic Signal plans as listed on Sheet C1.0 prepared by EFK Moen dated March 20, 2006;
- (3) construction of bridge for Old Route N over Route 40/61 in accordance with plans prepared by EFK Moen dated March 20, 2006, Sheets S1.1 through S1.58A, including select revised Sheets S1.1A through S1.57B dated June 5, 2006 and Supplement to Bridge Plans in accordance with the plans as listed on Sheet C1.1 dated June 9, 2006;
- (4) widening of Route N to three lanes from approximately Wingham Boulevard to the new La-Le Drive in accordance with the plans as listed on Sheet C1.1 dated June 5, 2006, including that Field Revision of certain sheets dated October 13, 2006 with Field Revisions of certain sheets dated August 11, 2006, June 20, 2006 and June 16, 2006 and Traffic Signal plans as listed on Sheet C4.0 prepared by EFK Moen dated August 11, 2006;
- (5) widening of Route N West and construction of the new South Outer Road in accordance with the plans as listed on Sheet C1.1 prepared by the Consulting Engineer dated September 1, 2006, and Field Revision for additional entrances to certain sheets dated October 11, 2006 and October 4, 2006;

Dardenne Town Square Transportation Development District

Notes to Financial Statements For the Year Ended December 31, 2024

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (6) reconstruction of Route N leading to the bridge overpass in accordance with the plans as listed on Sheet C1.1 prepared by the Consulting Engineer dated July 31, 2006, which also includes Field Revision to traffic barrier of certain sheets dated October 16, 2006, and Field Revision for drainage changes of certain sheets dated October 12, 2006 and September 26, 2006;
- (7) construction of new access point for the Phillips gas station in accordance with the plans as listed on Sheet C1.1 prepared by the Consulting Engineer dated July 18, 2006;
- (8) utility relocation and other similar or related infrastructure or improvement in connection with items 1 through 7 above; and
- (9) related engineering, design and legal fees in connection with items 1 through 8 above.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District has no component units.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

A) BASIS OF PRESENTATION

Special-purpose governments engaged in a single governmental program and having no component units may present financial statements as combining fund financial statements with government-wide statements. This is illustrated on the Governmental Funds Balance Sheet and Statement of Net Position - Cash Basis and the Governmental Fund Revenues, Expenditures, and Changes in Fund Balances and Statement of Activities - Cash Basis.

In the fund financial statements, financial transactions and accounts of the District are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The fund statements are also presented on a cash basis of accounting. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

Governmental Funds

General Fund – The District internally maintains three separate funds that make up the General Fund, as follows:

Dardenne Town Square Transportation Development District

Notes to Financial Statements
For the Year Ended December 31, 2024

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A) BASIS OF PRESENTATION (CONTINUED)

Special Trust Fund - The Special Trust Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Revenues are derived primarily from sales taxes.

Revenue Fund - The Revenue Fund, which shall contain a TDD Revenues Account, a Supplemental TDD Revenues Account and a Municipal Revenues Account. Moneys in the Revenue Fund, drawing first from moneys in the TDD Revenues Account, second, from the moneys in the Supplemental TDD Revenues Account (but only with respect to clauses Ninth, Tenth and Eleventh below) and third, from the Municipal Revenues Account, on the fortieth (40th) day prior to each Payment Date shall be applied by the Trustee to the extent necessary for the purposes and in the amounts as follows:

First, for transfer to the Rebate Fund when necessary, an amount sufficient to pay rebate, if any, to the United States of America, owed under Section 148 of the Code, as directed in writing by the District in accordance with the Tax Compliance Agreement;

Second, pay to the Trustee or any Paying Agent, an amount sufficient to pay any fees and expenses which are due and owing to the Trustee or any Paying Agent, upon delivery to the District of an invoice for such amounts (provided, however, that payments to the Trustee may not exceed \$4,000.00 in any calendar year);

Third, for transfer to the Operating Fund, fifty percent (50%) of the Annual Operating Fund Deposit;

Fourth, for transfer to the Debt Service Account of the Debt Service Fund, when necessary, an amount sufficient to pay past due interest, if any, owing on any Bonds;

Fifth, for transfer to the Debt Service Account of the Debt Service Fund an amount sufficient (taking into account moneys available in the Capitalized Interest Account) to pay the interest on the Bonds on the next succeeding Payment Date;

Sixth, for transfer to the Debt Service Account of the Debt Service Fund an amount sufficient to pay the principal of a premium, if any, due on the Bonds by their term, whether at maturity or for mandatory sinking fund purposes on the next succeeding Payment Date;

Seventh, for transfer to the Debt Service Reserve Fund such amount as may be required to restore any deficiency in the Debt Service Reserve Fund if the amount on deposit in the Debt Service Fund is less than the Debt Service Requirement;

Eighth, for transfer to the Redemption Account of the Debt Service Fund, which shall be applied to the payment of principal of and accrued interest on all Bonds which are subject to redemption on the next succeeding Payment Date pursuant to Section 302(b) of the Trust Indenture;

Ninth, for transfer to the Note Payment Account of the Debt Service Fund an amount sufficient to pay the interest on the Notes on the next succeeding Payment Date;

Tenth, for transfer to the Note Payment Account of the Debt Service Fund an amount sufficient to pay the principal of a premium, if any, due on the Notes by their terms on the next succeeding Payment Date; and

Eleventh, for transfer to the Redemption Account of the Debt Service Fund, which shall be applied to the payment of the principal of and accrued interest on all Notes which are subject to redemption on the next succeeding Payment Date pursuant to Section 302(b) of the Trust Indenture.

Dardenne Town Square Transportation Development District

Notes to Financial Statements
For the Year Ended December 31, 2024

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A) BASIS OF PRESENTATION (CONTINUED)

Operating Fund – Moneys in the Operating Fund shall be disbursed by the Trustee from time to time upon receipt of a written request of the Authorized District Representative to pay costs of operating the District; maintaining the Transportation Project; paying the principal of or interest on the Bonds; if no Bonds are outstanding, paying the principal of or interest on the Notes; or any other lawful purpose of the District.

Debt Service Fund – The District internally maintains two separate funds that make up the Debt Service Fund, as follows:

Debt Service Fund – The Debt Service Fund shall contain a Debt Service Account, a Note Payment Account and a Redemption Account. All amounts paid and credited to the Debt Service Fund shall be expended solely for the payment of the principal of, redemption premium, if any, and interest on the Bonds and Notes as the same mature and become due or upon the redemption thereof.

Debt Service Reserve Fund – Moneys in the Debt Service Reserve Fund shall be used by the Trustee without further authorization solely for the payment of the principal of and interest on the Bonds if moneys otherwise available for such purpose are insufficient to pay the same as they become due and payable. If the balance of moneys in the Debt Service Fund is insufficient to pay principal of or interest on the Bonds when due and payable, moneys in the Debt Service Reserve Fund shall be transferred into the Debt Service Fund in an amount sufficient to make up the deficiency. The Trustee may use moneys in the Debt Service Reserve fund for such purpose whether or not the amount in the Debt Service Reserve fund at that time equals the Debt Service Reserve Requirement. Such moneys shall be used first to make up any deficiency in the payment of interest and then principal. Moneys in the Debt Service Reserve Fund shall be valued by the Trustee forty-five (45) days prior to each Payment Date (or if such date is not a Business Day, the immediately preceding Business Day). The Trustee shall give prompt written notice to the District if such amount is less than the Debt Service Reserve Fund Requirement. For the purpose of determining the amount on deposit in the Debt Service Reserve Fund, the value of any investments shall be valued at their fair market value (inclusive of accrued interest) on the date of valuation. Moneys in the Debt Service Reserve Fund that are in excess of the Debt Service Reserve Requirement shall be deposited by the Trustee without further authorization in the Debt Service Fund.

Project Fund - The Project Fund contains a Cost of Issuance Account, a Project Account and a Capitalized Interest Account. Moneys in the Project Account of the Project Fund shall be disbursed by the Trustee from time to time, upon receipt of a written request of the Authorized District Representative, which contains the statements, representations and certifications set forth in the form of such request attached as Exhibit B to the Trust Indenture. Any money remaining on deposit in the Project Account of the Project Fund when the portion of the Project financed with the proceeds of the Bonds is completed, as evidenced by a certificate delivered by the Authorized District Representative to the Trustee, shall be deposited into the Redemption Account of the Debt Service Fund and shall be used to redeem Bonds on the earliest possible date.

Moneys in the Cost of Issuance Account of the Project Fund shall be disbursed, from time to time by the Trustee, upon receipt of a written request of the District signed by the Authorized District Representative for the sole purpose of paying the costs of issuance of the Bonds. Any moneys remaining in the Cost of Issuance Account of the Project Fund on May 1, 2007 shall be deposited, without further authorization, into the Redemption Account of the Debt Service Fund and used to redeem Bonds on the earliest possible date.

Upon delivery to the Trustee of a written request of the Authorized District Representative to pay, or reimburse the District for payment of, the costs of the Project, which written request specifies that payment shall be made by endorsement of a Note and the issuance or endorsement of a Note pursuant to Section 203(c) of the Trust Indenture, the Owner of the Note shall be deemed to have advanced funds necessary to purchase such Note

Dardenne Town Square Transportation Development District

Notes to Financial Statements For the Year Ended December 31, 2024

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A) BASIS OF PRESENTATION (CONCLUDED)

and the District shall be deemed to have deposited such funds in the Project Fund and shall be deemed to have reimbursed the District in full for such costs from the amounts deemed to be on deposit in the Project Fund.

B) BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. Government-wide financial statements and Fund Financial Statements are prepared using the cash basis of accounting, a special purpose framework. Under the cash basis, revenues are recognized when received rather than when earned and expenditures are recognized when cash is disbursed rather than when the obligation is incurred.

C) BUDGETS AND BUDGETARY ACCOUNTING

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) In accordance with Section 67 of the Missouri Revised Statutes, the budget officer, as designated by the District, prepares and adopts an annual budget which represents the complete financial plan for the ensuing budget year. The budget includes at least the following information:
 - a) A budget message describing the important features of the budget and major changes from the preceding year;
 - b) Estimated revenues to be collected from all sources for the budget year, with a comparative statement of actual or estimated revenues for the two years next preceding, itemized by year, fund, activity and object;
 - c) The amount required for the payment of interest, amortization, and redemption charges on the debt of the District;
 - d) A general budget summary.
- 2) In no event shall the total proposed expenditures from any fund exceed the estimated revenues to be received plus any unencumbered balance or less any deficit estimated for the beginning of the budget year.
- 3) The District may revise, alter, increase or decrease the items in the proposed budget, subject to such limitations as may be provided by law provided, that in no event, shall the total authorized expenditures from any fund exceed the estimated revenues to be received plus any unencumbered balance or less any deficit estimated for the beginning of the budget year.
- 4) The District shall, before the beginning of the fiscal year, approve the budget and approve or adopt such orders, motions, resolutions or ordinances as may be required to authorize the budgeted expenditures and produce the revenues in the budget.
- 5) After the District has approved the budget and approved or adopted the orders, motions, resolutions or ordinances required to authorize the expenditures proposed in the budget, the District shall not increase the total amount authorized for expenditure from any fund, unless the District Board adopts a resolution

Dardenne Town Square Transportation Development District

Notes to Financial Statements For the Year Ended December 31, 2024

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C) BUDGETS AND BUDGETARY ACCOUNTING (CONCLUDED)

setting forth the facts and reasons making the increase necessary and approves or adopts an order, motion resolution or ordinance to authorize the expenditures.

The 2024 budget was approved at the regularly scheduled Board of Directors' meeting. Annual budgets are prepared and adopted by fund on a basis consistent with the cash basis of accounting for the major individual governmental funds. All annual appropriations lapse at fiscal year end.

D) CAPITAL ASSETS AND LONG-TERM LIABILITIES

In accordance with the cash basis of accounting, the government-wide and fund financial statements report capital asset additions as expenditures when cash is expended and debt proceeds are shown as other financing sources when cash is received. Debt principal payments are shown as expenditures when payments are made. Capital assets and long term liabilities are not maintained on these financial statements but long term debt is disclosed later in these notes to the financial statements.

E) REVENUE RECOGNITION – SALES TAX

Sales tax revenues are collected monthly and remitted to the Missouri Department of Revenue. The District receives the sales tax revenue the month after it is collected by the Missouri Department of Revenue.

Sales tax revenues are recognized when they are received by the District.

F) FUND BALANCE AND NET POSITION

Net Position represents the difference between assets and liabilities. Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by laws or regulations of the government. All other net position that does not meet the definition of "restricted" are reported as unrestricted net position. It is the District's policy to expend restricted resources first if the restrictions are met.

Fund balances are classified as follows:

Nonspendable- This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District did not have any nonspendable fund balance as of December 31, 2024.

Restricted- This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or law or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The District had an ending balance of \$4,083 for restricted fund balances that consisted of the Debt Service Fund.

Committed- This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District had no committed resources as of December 31, 2024.

Dardenne Town Square Transportation Development District

Notes to Financial Statements For the Year Ended December 31, 2024

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

F) FUND BALANCE AND NET POSITION (CONCLUDED)

Assigned- This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the District Board through budgetary process. The District had no assigned resources as of December 31, 2024.

Unassigned- All amounts not included in other spendable classifications.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

2) CASH AND CASH EQUIVALENTS

The District complies with various regulations on deposits and investments, which are imposed by the state statutes as follows:

Deposits - All deposits with financial institutions must be collateralized in an amount at least equal to uninsured deposits.

Investments - The District may invest in bonds of the State of Missouri or any wholly owned corporation of the United States; or in other short-term obligations of the United States.

Cash of the District at December 31, 2024, is as follows:

Deposits

At December 31, 2024, the carrying amount of the District's deposits was \$246,533 and the bank balance was \$246,533. The balance of the Special Trust Fund was \$239 at year end. Any balance maintained in this account would be covered by federal depository insurance up to \$250,000. All cash balances with the Trustee were invested in Dreyfus Institutional Reserves Money Market accounts. Due to the short-term nature of investments, these balances are classified as cash equivalents in the District's basic financial statements. The Dreyfus Institutional Reserves Money Market Fund is not insured by federal depository insurance coverage. The Fund, however, invests only in direct obligations of the United States and repurchase agreements for direct obligations of the United States.

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. State statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The District does not have an additional custodial credit risk policy.

Investments

There were no investments at December 31, 2024.

Dardenne Town Square Transportation Development District

Notes to Financial Statements For the Year Ended December 31, 2024

3) COMMITMENTS

Effective November 21, 2006, the District has entered into an Intergovernmental Cooperation Agreement with the City of Dardenne Prairie, Missouri (the "Cooperation Agreement") pursuant to which the City has authorized certain City Sales Tax Revenues and additional sources of revenue secured by the City in accordance with the Cooperation Agreement to be deposited into a Municipal Trust Fund and has authorized certain Supplemental City Sales Tax Revenues to be deposited into a Supplemental Municipal Trust Fund, which moneys on deposit in the Municipal Trust Fund and Supplemental Municipal Trust Fund shall be transferred to the Trustee and used to repay a portion of the TDD Obligations in accordance with the terms of the Agreement.

The City Sales Tax Revenues means fifty percent (50%) of the total annual revenues received by the City from the aggregate sales taxes imposed by the City for general revenue purposes on the gross sales and services or proceeds received from the businesses and activities on the Property (Property means real property legally included within the boundaries of the District), which current rate is one percent (1%), together with any sales taxes, fees or assessments subsequently enacted and imposed by the City for general revenue purposes on the Property. Supplemental City Sales Taxes means that percentage of the total annual revenues received by the City on or after March 1, 2008, from the aggregate sales taxes imposed by the City for general revenue purposes on the gross sales and services or proceeds received from the businesses and activities on the Property, which current rate is one percent (1%), together with any sales taxes, fees or assessments subsequently enacted and imposed by the City for general revenue purposes on the Property in substitution of the foregoing, which percentage is over and above the percentage that constitutes City Sales Taxes, but which percentage over and above the percentage that constitutes City Sales Taxes shall not exceed nine and one half percent (9.5%) such that the combined percentage of the City Sales Taxes and Supplemental City Sales Taxes shall not exceed, in the aggregate, fifty nine and one half percent (59.5%).

4) LITIGATION

At December 31, 2024, there were no claims or lawsuits pending against the District.

5) RELATED PARTIES

The Assistant Secretary/Assistant Treasurer/Executive Director on the Board of Directors of the District is also the owner of Development Dynamics, LLC, an administrative company that performs bookkeeping services for the District. During the year ending December 31, 2024, the District paid Development Dynamics, LLC \$8,668.

6) TAXES

The District has imposed a sales tax pursuant to the TDD Act at a rate of one-half of one percent (1/2%), effective October 1, 2005, (the "TDD Sales Tax") on all retail sales made in the District which are subject to the taxation pursuant to the provision of Sections 144.010 to 144.525, RSMo, with certain exceptions listed in the TDD Act. These exceptions include sale or use of motor vehicles, trailers, boats or outboard motors, sale of electricity or electrical current, water and gas, natural or artificial, and sales of service to telephone subscribers, whether local or long distance.

7) CONTINGENCIES AND EVENT OF DEFAULT

The Debt Service Reserve requirement at December 31, 2024 was \$1,546,968; however, the balance of the Debt Service Reserve account at December 31, 2023 was \$0. This represents a shortfall at December 31, 2024 of \$1,546,968. Draw down of this Reserve account have been necessary due to the shortfall of revenues generated by the District's sales tax to service the District's debt requirements. The District completely depleted the Debt Service Reserve account in the year ended December 31, 2013. The District is no longer able to fulfill the requirements of the Dardenne Town Square Transportation Development Transportation Sales Tax Revenue Bonds, Series 2006 discussed in Note 8.

Dardenne Town Square Transportation Development District

Notes to Financial Statements For the Year Ended December 31, 2024

7) CONTINGENCIES AND EVENT OF DEFAULT (CONCLUDED)

Interest payments in the amount of \$412,500 were due on May 1, 2024 and November 1, 2024. A payment in the amount of \$396,920, was paid to the bondholders on May 1, 2024 and a payment in the amount of \$446,390, was paid to the bondholders on November 1, 2024, meeting the interest payment requirement for the year ending December 31, 2024. Failure to pay interest from prior years for the Bonds constituted an Event of Default on the Bonds pursuant to Section 701(c) of the Trust Indenture dated as of December 1, 2006. The bond is currently in default and will continue to be in default until the District can fulfill the requirements of the bonds.

8) LONG-TERM DEBT

On December 13, 2006, Dardenne Town Square Transportation Development District (the "District") approved Bond Resolution No. 06-041 (the "Bond Resolution") authorizing the issuance of the Dardenne Town Square Transportation Development District Transportation Sales Tax Revenue Bonds, Series 2006 in the aggregate principal amount of \$17,560,000 (the "Bonds") to finance costs of a Transportation Project (including accrued interest thereon), fund a Debt Service Reserve, fund Capitalized Interest, fund one year's operation costs of the District, and pay costs related to the issuance of the Bonds. The Resolution also authorized the issuance of its Supplemental and Subordinate Transportation Sales Tax Revenue Notes, Series 2006, in an aggregate principal amount not to exceed \$4,000,000 to finance additional costs of the Transportation Project and to pay costs related to the issuance of the Notes.

The Bonds were sold to the Purchaser at a price provided for in the Purchase Contract which shall be \$16,936,486 (which takes into account the Purchaser's discount of \$395,100 less a net original issue discount of \$228,415), plus accrued interest, if any to the date of delivery. The Bonds shall become due, subject to redemption and payment prior to their maturities on May 1 and shall bear interest computed on the basis of a 360-day year of twelve 30-day months.

At December 31, 2024, the balance of the Bonds was \$16,500,000 and bear interest at 5%.

Transportation Sales Tax Revenue Bonds

Revenue bonds payable, January 1, 2024	\$ 16,500,000
Notes issued	-
Notes retired	-
Revenue bonds payable, December 31, 2024	<u>\$ 16,500,000</u>

In 2024, the District paid \$843,310 in interest expense on the Bonds. As detailed in Note 7, during fiscal year ending December 31, 2024, the District was able to pay the full amount of interest due. However, according to the Trust Indenture, the bonds are in default and are callable by the owners since the District has failed to pay the interest due from prior years. The bonds have not been called by the owners as of the date of the financial statements. The District has \$1,395,660 in past due interest on the bonds as of December 31, 2024.

The Bonds are subject to mandatory sinking fund redemption and payment prior to maturity pursuant to the Trust Indenture at a redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date. The District shall redeem and pay, on May 1 in each of the following years, the following principal amounts of the bonds:

Dardenne Town Square Transportation Development District**Notes to Financial Statements
For the Year Ended December 31, 2024****8) LONG-TERM DEBT (CONCLUDED)**

<u>Year</u>	<u>Principal</u>
Past due payments	\$ 4,215,000
2025	665,000
2026	725,000
2027	785,000
2028	855,000
2029	925,000
2030-2034	5,850,000
2035-2036	2,480,000
	<u>\$ 16,500,000</u>

The Notes are payable from Supplemental TDD Sales Tax Revenues, and, on a subordinate basis to the Bonds, from TDD Revenues pledged to repayment of the Bonds. No payment of principal or interest on the Notes may be made from the TDD Revenues pledged to the repayment of the Bonds while the Bonds are Outstanding. "Supplemental TDD Sales Tax" means that portion of any TDD Sales Tax levied in accordance with the TDD Act by the District as a rate in excess of one half of one percent (1/2%) on all retail sales within the District that are subject to taxation pursuant to the TDD Act, provided that the TDD Sales Tax rate is increased in accordance with the Cooperation Agreement. The Notes bear interest at 7.5% and will mature on December 19, 2041. No payments on the Notes will be made until the Bonds are paid off. The District has \$11,142,125 in past due interest on the Notes as of December 31, 2024. The principal balance is \$4,009,018 at December 31, 2024.
