INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Suemandy Drive Two Community Improvement District
St. Peters, Missouri

Opinions

We have audited the accompanying cash basis financial statements of the governmental activities and each major fund of Suemandy Drive Two Community Improvement District as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Suemandy Drive Two Community Improvement District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities and each major fund of the Suemandy Drive Two Community Improvement District, as of September 30, 2022, and the respective changes in cash basis financial position for the year then ended in accordance with the cash basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Suemandy Drive Two Community Improvement District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1, and for determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Suemandy Drive Two Community Improvement District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Suemandy Drive Two Community Improvement District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the management's discussion and analysis and budgetary comparison information but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2022, on our consideration of the Suemandy Drive Two Community Improvement District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Suemandy Drive Two Community Improvement District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Suemandy Drive Two Community Improvement District's internal control over financial reporting and compliance.

The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District has no component units.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

A) BASIS OF PRESENTATION

Special-purpose governments engaged in a single governmental program and having no component units may present financial statements as combining fund financial statements with government-wide statements. This is illustrated on the Governmental Funds Balance Sheet and Statement of Net Position - Cash Basis and Governmental Fund Revenues, Expenditures and Changes in Fund Balances and Statement of Activities - Cash Basis.

In the fund financial statements, financial transactions and accounts of the District are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of

carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The fund statements are also presented on a cash basis of accounting. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

Governmental Funds

General Fund – The District internally maintains three separate funds that make up the General Fund, as follows:

Special Trust Fund -- The Special Trust Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Revenues are derived primarily from sales taxes.

Revenue Fund -- On or before the twentieth (20th) calendar day of each month (or next Business Day thereafter if the twentieth (20th) is not a Business Day), while the Notes are Outstanding, the District shall cause to be transferred all Net Proceeds from the Special Trust Fund to the Trustee for deposit into the Revenue Fund. If the District has no Net Proceeds to transfer to the Trustee pursuant to this section, the District shall so notify the Trustee in writing.

On the date that is thirty-five (35) days prior to each Payment Date (or if such date is not a Business Day, the immediately preceding Business Day) the Trustee shall apply moneys in the Revenue Fund for the purposes and in the amounts as follows:

First, to the Trustee or any Paying Agent, an amount sufficient for payment of fees and expense which are due and owing to the Trustee of any Paying Agent, upon delivery to the District of an invoice for such amounts;

Second, to the Operating Fund, one-half of the Annual Operating Fund Deposit;

Third, to the Costs of Issuance Account of the Project Fund, the Schedules Bond Counsel Fee;

Fourth, to the Debt Service Account of the Debt Service Fund, when necessary, an amount sufficient to pay past-due interest, if any, owing on the Notes;

Fifth, to the Debt Service Account of the Debt Service Fund, when necessary, an amount sufficient to pay the interest becoming due and payable on the Notes on such Payment Date; and

Sixth, transfer to the Redemption Account of the Debt Service Fund all moneys then remaining in the Revenue Fund, which shall be applied to the payment of principal on the Notes that are subject to redemption pursuant to Section 302(b).

Upon the payment in full of the principal of and interest on the Notes (or provision have been made for the payment thereof as specified in the Trust Indenture) and the fees, charges and expenses of the Trustee and any Paying Agent, and any other amounts required to be paid under the Trust Indenture, all amounts remaining on deposit in the Revenue Fund shall be paid to the District for deposit into the Special Trust Fund.

Operating Fund -- Moneys in the Operating Fund shall be disbursed by the Trustee without inquiry or investigation from time to time upon receipt of a written request of the Authorized District Representative to

pay Reimbursable Administrative Costs, the principal of or interest on the Notes, or any other lawful purpose of the District. Any Reimbursable Administrative Costs in excess of the Annual Operating Fund Deposit shall be carried forward for payment from the next deposit of the Annual Operating Fund Deposit.

Debt Service Fund -- All amounts paid and credited to the Debt Service Fund shall be expended solely for (1) the payment of the principal of and interest on the Notes as the same matures and becomes due or upon the redemption thereof, or (2) to purchase the Notes for cancellation prior to maturity.

The District hereby authorizes and directs the Trustee to withdraw (to the extent available) sufficient moneys from the Debt Service Fund to pay the principal of and interest on the Notes as the same become due and payable and to make said moneys so withdrawn available to the Paying Agent for the purpose of paying said principal of and interest on the Notes.

The Trustee shall use any moneys remaining in the Debt Service Fund to redeem all or part of the Outstanding Notes and interest to accrue thereon prior to such redemption, in accordance with and to the extent permitted in the Trust Indenture, so long as said moneys are in excess of the amount required for payment of Notes theretofore matured or called for redemption.

If the moneys in the Debt Service Fund are insufficient to pay all accrued interest on the Notes on any Payment Date, then such moneys shall be applied ratably, according to the amounts due on such installment, to the Persons entitled thereto without any discrimination or privilege, and any unpaid portion shall accrue to the next Payment Date, with interest thereon at the rate or rates specified in the Notes to the extent permitted by law. If the moneys in the Debt Service Fund are insufficient to pay the principal of the Notes on the Maturity Date thereof, then such moneys shall be applied ratably, according to the amounts of principal due on such date, to the Persons entitled thereto without any discrimination or privilege.

After payment in full of the principal of and interest on the Notes (or provision has been made for the payment thereof as specified in the Trust Indenture) and the fees, charges and expenses of the Trustee and any Paying Agent and any other amounts required to be paid under the Trust Indenture, all amounts remaining in the Debt Service Fund shall be paid to the District for deposit into the Special Trust Fund.

Project Fund -- Upon approval by the District of a Certificate of Reimbursable Project Costs and the issuance or endorsement of Notes pursuant to Section 203(c), funds shall be deemed to have been advanced by the Developer, as appropriate, to purchase such Notes and the District shall be deemed to have deposited such funds in the Project Account of the Project Fund and shall be deemed to have reimbursed the Developer, as appropriate, in full for such costs from the amounts deemed to be on deposit in the Project Account of the Project Fund.

Moneys in the Cost of Issuance Account of the Project Fund shall be disbursed, from time to time by the Trustee, as set forth in Section 402(b) and on Schedule I, to be paid upon receipt by the Trustee of invoices therefore, but without the necessity of receipt by the Trustee of a written requisition therefore. Any moneys remaining in the Cost of Issuance Account of the Project Fund after October 1, 2011, without further authorization, into the Redemption Account of the Debt Service Fund and used to redeem Notes on the earliest possible date.

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B) BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. Government-wide financial statements and Fund Financial Statements are prepared using the cash basis of accounting, a special purpose framework. Under the cash basis, revenues are recognized when received rather than when earned and expenditures are recognized when cash is disbursed rather than when the obligation is incurred.

C) BUDGETS AND BUDGETARY ACCOUNTING

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) In accordance with Section 67 of the Missouri Revised Statutes, the budget officer, as designated by the District, prepares and adopts an annual budget which represents the complete financial plan for the ensuing budget year. The budget includes at least the following information:
 - a) A budget message describing the important features of the budget and major changes from the preceding year;
 - b) Estimated revenues to be collected from all sources for the budget year, with a comparative statement of actual or estimated revenues for the two years next preceding, itemized by year, fund, activity and object;
 - c) The amount required for the payment of interest, amortization, and redemption charges on the debt of the District;
 - d) A general budget summary.
 - i. In no event shall the total proposed expenditures from any fund exceed the estimated revenues to be received plus any unencumbered balance or less any deficit estimated for the beginning of the budget year.
 - ii. The District may revise, alter, increase or decrease the items in the proposed budget, subject to such limitations as may be provided by law provided, that in no event, shall the total authorized expenditures from any fund exceed the estimated revenues to be received plus any unencumbered balance or less any deficit estimated for the beginning of the budget year.
- 2) The District shall, before the beginning of the fiscal year, approve the budget and approve or adopt such orders, motions, resolutions or ordinances as may be required to authorize the budgeted expenditures and produce the revenues in the budget.
- 3) After the District has approved the budget and approved or adopted the orders, motions, resolutions or ordinances required to authorize the expenditures proposed in the budget, the District shall not increase the total amount authorized for expenditure from any fund, unless the District Board adopts a resolution setting forth the facts and reasons making the increase necessary and approves or adopts an order, motion resolution or ordinance to authorize the expenditures.

The 2022 budget was approved at the regularly scheduled 2021 Board of Directors meeting. The District did not hold any meetings in 2022, in violation of Missouri Statutes which require an annual meeting. Annual budgets are prepared and adopted by fund on a basis consistent with the cash basis of accounting for the major individual governmental funds. All annual appropriations lapse at fiscal year end.

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

D) CAPITAL ASSETS AND LONG-TERM LIABILITIES

In accordance with the cash basis of accounting, the government-wide and fund financial statements report capital asset additions as expenditures when cash is expended and debt proceeds are shown as other financing sources when cash is received. Debt principal payments are shown as expenditures when payments are made. Capital assets and long term liabilities are not maintained on these financial statements but long term debt is disclosed later in these notes to the financial statements.

E) FUND BALANCES AND NET POSITION

Net Position represents the difference between assets and liabilities. Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by laws or regulations of the government. All other net position that does not meet the definition of "restricted" are reported as unrestricted net position. It is the District's policy to expend restricted resources first if the restrictions are met.

Fund balances are classified as follows:

Nonspendable- This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District did not have any nonspendable fund balance as of September 30, 2022.

Restricted- This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or law or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The District had an ending balance of \$134,676 for restricted fund balances that consisted of the Debt Service Fund.

Committed- This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District had no committed resources as of September 30, 2022.

Assigned- This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the District Board through budgetary process. The District had no assigned resources as of September 30, 2022.

Unassigned- All amounts not included in other spendable classifications.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

2) CASH AND CASH EQUIVALENTS

The District complies with various regulations on deposits and investments, which are imposed by the state statutes as follows:

Deposits - All deposits with financial institutions must be collateralized in an amount at least equal to uninsured deposits.

Suemandy Drive Two Community Improvement District

Notes to Financial Statements

September 30, 2022

2) CASH AND CASH EQUIVALENTS (CONCLUDED)

Investments - The District may invest in bonds of the State of Missouri or any wholly owned corporation of the United States; or in other short-term obligations of the United States.

Cash of the District at September 30, 2022 is as follows:

Deposits

At September 30, 2022, the carrying amount of the District's deposits was \$160,666 and the bank balance was \$160,666. The bank balance in the Special Trust Fund was \$225 at year end; any balance maintained in this account would be covered by federal depository insurance up to \$250,000. All cash balances with the Trustee were invested in UMB Federated Government Obligation Money Market accounts. Due to the short-term nature of investments, cash balances are classified as cash equivalents in the District's basic financial statements. The UMB Federated Government Obligation Money Market Fund is not insured by federal depository insurance coverage. The Fund, however, invests only in direct obligations of the United States and repurchase agreements for direct obligations of the United States.

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. State statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The District does not have an additional custodial credit risk policy.

Investments

There were no investments at year ending September 30, 2022.

3) COMMITMENTS

On November 20, 2008, the District entered into a First Amended Development Agreement with The Grewe Limited Partnership (the "Developer"). Pursuant to this Agreement, the Developer affirmed its agreement to construct and implement the Project, the District agreed to provide revenues to repay any obligations issued in relation to the Project.

Pursuant to the Development Agreement, the District and the City acknowledged that the District currently lacks sufficient funds to pay for the CID Project and, as such, it is anticipated that the Developer will pay all Reimbursable Project Costs in exchange for District obligations issued by the District in accordance with the Development Agreement.

Pursuant to the Development Agreement, the Developer has submitted a Certificate of Reimbursable Project Costs accompanied by itemized invoices, receipts and other information to allow the District to confirm that the amounts advanced by the Developer constitute Reimbursable Projects Costs.

Pursuant to the Development Agreement, upon approval of a Certificate of Reimbursable Project Costs, the District shall issue CID Obligations to the Developer as reimbursement for such Reimbursable Project Costs incurred by the Developer.

4) LITIGATION

At September 30, 2022, there were no claims or lawsuits pending against the District.

Suemandy Drive Two Community Improvement District

Notes to Financial Statements

5) TAXES

The District has imposed a sales tax pursuant to the CID Act at a rate of one percent (1%), effective December 8, 2008, (the "CID Sales Tax") on all retail sales made in the District which are subject to the taxation pursuant to the provision of Sections 144.010 to 144.525, RSMo, with certain exceptions listed in the CID Act. These exceptions include sales of motor vehicles, trailers, boats or outboard motors and sales to public utilities.

6) LONG-TERM DEBT

On March 26, 2010, the District issued its Taxable Community Improvement Revenue Notes, Series 2010 in the amount not to exceed \$1,918,878, plus issuance costs, accrued interest and reimbursable administrative costs, for the purpose of paying the costs of issuance of the above-referenced obligations.

The District promises to pay to the registered owner the Outstanding Principal Amount from time to time on the Maturity Date of April 1, 2030 unless called for redemption prior to the Maturity Date. Interest shall be payable on each April 1 and October 1 commencing on rate per annum of 8%. The Note is not a general obligation of the District, the City, St. Charles County, the State of Missouri, or any political subdivision thereof, nor of any officer or employee thereof. This Note is issued in connection with a community improvement project, as further described in the Development Agreement.

The Notes are subject to optional redemption by the District in whole at any time or in part on any Payment Date at a redemption price of 100% of the principal amount of the Notes to be redeemed, plus accrued interest thereon to the date fixed for redemption. Since the District only pays on principal if there are funds available, no debt service requirements are presented in this report.

At the beginning of fiscal year 2022, Suemandy Drive One Community Improvement District's Taxable Community Improvement Revenue Notes, Series 2010 were merged into the debt of the Suemandy Drive Two Community Improvement District. The Suemandy Drive One Community Improvement District's Taxable Community Improvement Revenue Notes, Series 2010 will not be paid until the Suemandy Drive Two Community Improvement District's Taxable Community Improvement Revenue Notes, Series 2010 have been paid in full.

As of the year ended September 30, 2022, the District had \$3,249,876 in revenue notes payable. The District made any principal payments of \$118,470 and interest payments of \$83,830 and had unpaid interest of \$1,403,275 as of September 30, 2022.

8) INTERFUND TRANSFERS

During the fiscal year ended September 30, 2022, the District had the following interfund transfers:

	<u>Transfers In</u>	<u>Transfers Out</u>
Governmental activities:		
General Fund	\$ -	\$ (336,907)
Debt Service Fund	336,907	-
Project Fund	-	-

During the year ended September 30, 2022, the District transferred funds from the General Fund to the Debt Service fund to service the debt.

9) SUBSEQUENT EVENTS

These financial statements considered subsequent events through December 19, 2022, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The long-term impact of the COVID-19 pandemic on CID Sales and Use Tax Revenues is difficult to determine at this point. The District cannot predict (a) the duration or extent of the COVID-19 pandemic; (b) the duration or expansion of related business closings, public health orders, regulations and legislation; (c) what effect the COVID-19 pandemic will continue to have on global, national, and local economies; (d) whether recent job losses resulting from COVID-19-related business closures will be temporary or permanent and what effect such losses will have on consumer confidence; or (e) the impact the COVID-19 pandemic will have on CID Sales and Use Tax Revenues available for appropriation by the District. Developments regarding COVID-19 continue to occur on a daily basis and the extent to which COVID-19 will impact the CID Sales and Use Tax Revenues in the future is highly uncertain and cannot be predicted.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Suemandy Drive Two Community Improvement District
St. Peters, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Suemandy Drive Two Community Improvement District, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise Suemandy Drive Two Community Improvement District's basic financial statements, and have issued our report thereon dated December 19, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Suemandy Drive Two Community Improvement District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Suemandy Drive Two Community Improvement District's internal control. Accordingly, we do not express an opinion on the effectiveness of Suemandy Drive Two Community Improvement District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Responses that we consider to be significant deficiencies (Findings 2022-01).

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Suemandy Drive Two Community Improvement District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Responses as items (Finding 2022-01).
